## **For Immediate Release: Artists Tanisha Taitt and Brownman direct this year's Children's Peace Theatre Summer Production *White Noise***

TORONTO, JULY 22, 2014--Children's Peace Theatre is pleased to welcome actor-director-playwright, singer-songwriter, arts educator and activist, Tanisha Taitt back for a second year in a row as director of this year's Peace Camp Summer Theatrical Production entitled ***White Noise***.

As an artist, Taitt is well known for addressing deep-rooted global issues and has worked with youth at CPT in the past to help uncover and verbalize their ideas on these issues. "As the Director and a former student of Radio and Television, I am fascinated with finding out how children today relate to media and what role it plays in their lives," says **Tanisha Taitt**, Director of ***White Noise***. "I have no doubt that ***White Noise*** will be another conscious and revealing artistic excavation by **Children's Peace Theatre**."

Working alongside Taitt as the Music Director of *White Noise* is BROWNMANN ALI. Hailed as "Canada's preeminent jazz trumpet player", multiple Juno & National Award winning trumpeter, BROWNMANN is a very familiar face at Children's Peace Theatre. His musical talents drew the attention of CBC, among other notable media with last year's gala production of *Passages* and is sure to take the audience by storm with his contributions to *White Noise*. Currently touring with rapper Jay-z and Paul Simon, BROWNMANN has taken the month of July off to work at CPT's Peace Camp, writing the music for the theatrical production and exposing the youth in the program to real-world expertise. Named by Air Canada as "one of the top 10 reasons to visit Toronto", his outstanding work with youth this summer is yet another to see this year's gala production of ***White Noise***.

On July 26, 2014, **Children's Peace Theatre** hosts its annual **Peace Gala**, celebrating the close of **Peace Camp** as well as all those who contributed to it. **Peace Camp**, a three-week program that takes place every July at **Children's Peace Theatre**, brings a number of local professional artists together with youth and junior guides as they work in a collaborative effort with over 40 children aged 8-13 to create an original theatre production complete with a musical score and visual production pieces. The goal of **Peace Camp** is for children to explore relevant social issues and express their visions of peace through an arts-based methodology.

***White Noise*** aims to address the function and credibility of today's media and how it has changed considerably in recent years. Once a reliable source for news and information, is now an endless stream of corporate fodder where fact mixes dangerously with fiction and is fed to our youth. The production encourages young people to explore media and the messages that they receive and ask "Whose story is being told" as well as "Whose story isn't?" and how these messages impact their ideas about the world and as well as their sense of self.

There will be three public performances of ***White Noise*** on **July 24** (Dress Rehearsal), **July 25**, and the

## **ABOUT CHILDREN'S PEACE THEATRE**

**Children's Peace Theatre**, an award-winning community arts organization, most recently recognized as a finalist for the 2014 **Toronto Arts Foundation Arts for Youth Award**, provides programming for under-served children and youth in the Taylor Massey Community.

The work of **Children's Peace Theatre** poses questions for young people to explore, examine and question the world they live in—a world that often celebrates acts of violence, yet at the same time produces acts of heart stopping courage, kindness and humility. **Peace Camp** gives children the opportunity to transform conflict through an arts-based methodology, resulting in some of the best summer theatre Toronto has to offer.

Under the guidance of **Artistic Director Karen Emerson**, **Children's Peace Theatre** delivers our programs through carefully selected young professional artists each year who not only reflect the diversity of the children and youth we serve but also bring an exciting range of artistic talents including theatre, music, and visual arts. Programs include a three-week summer theatre camp, after-school programs, youth leadership projects, in-school workshops and youth-led initiatives.
